

4th Grade Summer Reading

This summer, students entering the fourth grade will be responsible for reading two books from the following list. Reading fluency and comprehension are critical at this level of learning. It is my hope that the children will continue the practice of reading beyond these two books. Students should view reading as a pleasurable pastime and as necessary to keep reading skills sharp.

The attached sheet should be completed for each of the books read. This will be used for discussion purposes and will be the students' first Reading grade of the trimester. Books can be checked out of your local library, found at local book stores, borrowed from a friend, or purchased online.
