A Nationally Recognized School of Excellence

Dear Parent/Guardian:

Students entering the 7th grade are required by the Department of Education to have a dental examination.

For your convenience, I am sending this form home with your child to be completed over the summer by your family dentist. After it is completed you can drop it off at the school office or send it to school with your child in September.

Please contact the nurse at the Middle School if you have any questions regarding the above requirement.
