

SEPTEMBER NEWS

As for you, go your way till the end. You will rest, and then at the end of the days you will rise to receive your allotted inheritance.

Last night you had the opportunity to meet with the teachers and to realize the daily routines of a normal day of activities as well as to better understand what is expected of each student as they continue their educational journey.

Homework and home activities can be of immense value in reinforcing work done at school. Build your child's enjoyment of reading by reading aloud stories which interest him or her. Use written messages to remind your children of tasks or appointments; to congratulate them for a job well done; or just to say, "I love you." A little note enclosed in their lunch box is always a welcome surprise.
